Exceptional and creative entry level web developer with great customer service and work ethic. My previous work experience has provided me with the ability to perform at a high level. Broadly and deeply knowledgeable in a wide variety of computer languages as well as the principles and techniques of website construction and maintenance.

## EXPERIENCE

**Ctrl + Fn Design Studio** 2015-Present  
**Freelance Front End Web Development**

- Design and develop websites using HTML, CSS and JavaScript.
- Update and modify wordpress sites
- Fast, efficient well written code using css frameworks and gulp workflow along with great project management and customer service.

**Colorado Code Club** 2016-Present  
**Teacher**

- Teach an after school program for grade school children about programming through the use of a program called Scratch.
- Provide demos and answer questions to aid in the learning of programming.
- Increased classroom efficiency and maintained 0% kid overturn each semester.

**Finna Group** 2015 - Present  
**Technical Representative**

- Keep customers informed of progress during issue lifecycle and make follow-up calls or communications in a timely manner.
- Assist team members and provide support and solutions to customer queries to meet company objectives.
- Helped increase revenue in service by 10% year over year.

**Cree** 2013- 2015  
**Engineering Technician II**

- Assembled electrical and electronic systems and prototypes according to data protocols
- Coordinated with electrical engineers to identify and solve developmental problems
- Evaluated the performance of developmental parts assemblies and systems

**Wisconsin Air National Guard - Reserves** 2009 - 2015  
**F-16 Crew Chief**
